## FRUIT GROWERS WILL NOW PAY FEE ON CONTAINER PURCHASES

New Act Provides For Collection Of One Per Cent By Selling Agency Or Manufacturer—Money To Be Turned Over To Ontario Fruit Growers' Association—Goes Into Effect On November First.

A great majority of the fruit growers in the Niagara Peninsula will be surprised to learn of the Governmental Bill, or An Act Respecting Farm Products Containers, that was passed through the Ontario Legislature last April.

This Act provides for the licensing or compulsory payment of fees by all growers who purchase containers, said fees to be turned over to the Ontario Fruit Growers' Association, presumably for promotional work, advertising, etc., for the betterment of the fruit industry.

Under the Act a fruit grower purchases 1,000 baskets from the Canadian Package Sales Co., or from a container manufacturer direct. The baskets, for instance, will cost him \$70 a thousand, he then is invoiced at one per cent on that purchase, or 70 cents, which is collected by the selling agency of the manufacturer, much in the same manner as sales tax, and turned over to the association.

A grower who used 10,000 baskets would pay a license or fee to the amount of \$7, and so on.

On the other hand a grower who sells his whole crop direct to the

## COST \$38 TO FALL ASLEEP AT WHEEL

Joseph Hands Did Just That And Crashed Into Another Car—Magistrate Rated The Snooze Highly.

Joseph Hands, of Grimsby, was fined \$35 and \$15 costs on charges of careless driving Thursday morning in Magistrate H. D. Hallett's court on charges arising out of an accident on Highway No. 8 on the night of September 27th.

Hands, who was heading for the Hotel Henley at the time, was the driver of a car which was involved in an accident with a car driven by Joseph Soltos just west of Beamsville. According to the four persons riding in the Soltos car, Hands crossed the highway onto the shoulder of the road, on his wrong side, clipped off a mail post and came back onto the highway to strike the Soltos auto. There were two pairs of brothers in the car, Joseph, the driver, and Steven Soltos and Dorcas and Donald Frizzell. All told the same story.

Hands said that he suddenly fell asleep at the time of the accident

## HERE'S A POSER FOR YOU

This one stopped you all. While the picture is 38 years old, still there are plenty of people in this district whose memories should have told them all about it. It was taken in the driveway that is now Millyard's store and the stores of the Mary Lyn Shop to be and Smith's Shoe Store, when the little old white cottage stood there. In the rear was the Lawrie livery barn. The man on the horse is J. M. Lawrie, now the Superintendent of town works, who was the marshal of the old Labor Day parades. The man in the buggy, with an attachment on the front axle for steering purposes, as the horse behind did the propelling, is none other than Adam "Pudge" McGregor.

## BILL

### AN ACT RESPECTING FARM PRODUCTS CONTAINERS

His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1. In this Act,—

- (a) "association" shall mean The Ontario Beekeepers' Association, The Ontario Fruit Growers' Association and The Ontario Vegetable Growers' Association, within the meaning of The Agricultural Associations Act;
- (b) "Commissioner" shall mean the Commissioner of Marketing;
- (c) "container" shall include any bag, basket, box, can, crate or other receptacle used or suitable for use in the marketing of fruit, honey or vegetables;
- (d) "dealer" shall mean any person engaged in the business of selling containers to producers of fruit, honey or vegetables;
- (e) "licence" shall mean a licence issued under this Act;
- (f) "Minister" shall mean Minister of Agriculture; and
- (g) "product" shall mean honey and any fruit or vegetable.

2. The Commissioner shall be responsible to the Minister for the administration and enforcement of this Act.

3. When the Minister receives from an association a request asking that for the purpose of defraying the expenses of the association, every producer of a specified product or specified products who purchases containers therefor, be required to obtain a licence and to pay licence fees, the Minister, subject to the approval of the Lieutenant-Governor in Council, may, if he is of the opinion that such association is fairly representative of producers of the specified product or products, make an order,—

- (a) providing for the licensing of such producers and requiring every such producer to pay to the association licence fees in different amounts and fixing the amount of such fees payable in instalments;
- (b) exempting any class of producers from the provisions of the order;
- (c) requiring every dealer who sells containers to a producer to collect the amount of the licence fees from the producer and to pay such amounts to the association;
- (d) preventing the association from using any such amounts for the retail or wholesale distribution or processing of the product; and
- (e) requiring the association and dealers to furnish to the Commissioner such information and financial statements as the Commissioner may determine.

4.—(1) Every person who violates any of the provisions of any order of the Minister made under section 3 shall be guilty of an offence and liable to a penalty of not less than \$10 and not exceeding \$50 for a first offence and to a penalty of not less than \$50 and not exceeding \$200 for a subsequent offence.

(2) The penalties provided by this Act shall be recoverable under The Summary Convictions Act.

5. This Act shall come into force on the day upon which it receives the Royal Assent.

6. This Act may be cited as The Farm Products Containers Act, 1947.

## COUNTY HEALTH UNIT HAS NO AUTHORITY OVER CANNERIES

### MAGISTRATE SKEPTICAL BUT DISMISSES CASE

Lorne Prevost Charged With Assaulting Girl Gets His Freedom On Lack Of Proof.

Lorne Prevost, of Grimsby, had charges of assault dismissed in Magistrate H. D. Hallett's court Thursday morning. His case had been adjourned from October 17th, when he was instructed to bring witnesses, if possible, to verify his alibi of being in Winona at the time Elizabeth Nickerson claimed to have been struck by a man in an alley at Grimsby.

Chief of Police Turner of Grimsby

(Continued on Page 9)

Government Severely Criticized For This Lack Of Law By County Councillors—M.O.H. Says That Many Of The Canners In Eight Municipalities Are A Nuisance To The District.

A stinging attack on the Ontario Provincial government was launched at the sessions of the Lincoln County Council in St. Catharines last Tuesday for failure to provide health units with the proper authority to deal with alleged nuisances created by canning factories in the Niagara District.

The attack, following an address by Dr. D. V. Currey, Medical Officer of Health of the St. Catharines-Lincoln County Health Unit, was spear-headed by Reeve Walter Sheppard of Niagara Township, Reeve Robert M. Johnston of Port Dalhousie, Deputy-Reeve Ivan D. Buchanan of Grantham Township and Reeve John L. Hewitt of the Town of Grimsby. Mr. Buchanan declared that the Ontario government was lagging behind with the necessary legislation.

## POLICE ENCOUNTER A REAL MAN EATER

Chief Turner Has Little Flinger Badly Chewed While Apprehending A Mental Defective.

A policeman's lot is not a happy one. He encounters all kinds of people and things in the daily course of his duties. But last Friday Chief of Police Turner, for the first time in his career encountered a man-eater.

A very large man, in fact an over-sized man, of foreign extraction was reported to be molesting school children on the streets. Chief Turner and Constable George Seymour soon rounded him up and he gave them some little trouble getting him into the police cruiser, but his main battling consisted of his

### FIRE AND SMOKE ARE HIS MEAT AND DRINK

A veteran of the First Great War, having enlisted at the age of 17 years, FIRE CHIEF ALF LePAGE, pictured above, is also a veteran of Grimsby Fire Department, having joined the brigade as a fireman in 1922—25 years ago—in which capacity he served for nine years and then was promoted to the rank of Captain which position he held for eight years and was then raised to his present position of Chief which he has been for eight years. Under his guidance the department has developed into one of the best and most efficient small town fire fighting organizations in the province.—Photo by Robert Aldrick.

## GREAT FIRE FIGHTING SAVES DESTRUCTION OF VILLAGE INN

### ARE YOU A RESIDENT OR A NON-RESIDENT?

You Live In Grimsby But If You Hunt Pheasants In The Rural Municipalities You Are A Non-Resident.

Hunters who love to trail the elusive pheasant will have their elusiveness for three days this fall, on Friday, tomorrow, October 31st, Saturday, November 1st and next Wednesday, November 6th. Whether each and every gun toter gets his full bag of cock birds depends upon how good a hunter he is.

Licence fees this year have been set at \$7 for the first day and \$1 a day for each of the succeeding days

(Continued on Page 12)

Two Hours Battle Waged Successfully By Firemen—Beautiful Oak Room Closed For Two Weeks Or More For Redecorating From Smoke Damage.

Two firemen were overcome by the dense smoke at a fire of undetermined origin which broke out in the cellar of the Village Inn early Thursday afternoon and caused damage estimated by Miss Peggy O'Neill, hotel manager, at \$10,000 or more.

Despite the fact he was wearing a gas mask, fireman Norman Morningstar collapsed in the cellar and was carried out by others. Fireman Ernest Stuart was also assisted from the building. While in serious condition, both men were reported as being "quite sick" that night. Firemen William Stewart, Capt. and Fire Chief Alfred Jack Allen and Fire Chief Alfred LePage also suffered considerably from the duty.

## HEAVY FINES IMPOSED ON INCOME TAX CHARGE

And Eva Bolus Of St. Wm. Grimsby Failed To Make Cath. Returns For Four Years.

Fines totalling \$5,050 were levied against Eva Bolus, on income tax of St. Wm. Grimsby in charges off. D. Hallett's court. Magistrate wife of William, was charged in years 1942, 43, 44 and covering adding income tax payable with making false statements and was charged with the on two counts statements by Eva making one years 1944 and 1945. Bolus for each pleaded guilty on both counts.

Evidence in the case was given by C. G. Revenue and covered of Internal monies earned in non-payment of two hotels, one in the operation on Page 12)

(Con

For First Nine Months Of This Year 1,111 Cases Treated As Compared To 927 For Whole Year Of 1946—181 Babies Brought Into The World—New Equipment Has Been Donated—Plans For Construction Of New Wing Under Consideration—Government Will Make Grant Up To \$1,000 Per Bed.

The Independent is pleased to reprint an interim report by the Superintendent of the West Lincoln Memorial Hospital covering the period from January 1st to September 30th, 1947, which has been compiled for the information of the Municipal Councils of Beamsville, Grimsby, Townships of Clinton, North Grimsby, South Grimsby and Winona.

The above Municipalities have subsidized the operation of Hospital at a rate of 60 cents per capita not to exceed eight tenths of one mill, which together with the support of the Lincoln County Council and the Provincial Government has maintained the following service to our people.

### West Lincoln Memorial Hospital, Interim Report Ending September 30th, 1947.

During the past nine months the following services have been rendered by West Lincoln Memorial Hospital to the residents of the area.

Total Admissions	711
Operations	198
Deliveries	181
X-Ray Examinations	414
Patient Days	4967
Total Patients Treated	1111
Average Stay Per Patient	6.99 days

The following figures are submitted for the purpose of comparison of services rendered in the entire year of 1946 and the first nine months of 1947.

1946—	
In Patients	720
Out Patients	207
	—927
1947 to Sept. 30th—	
In Patients	711
Out Patients	400
	—1111

Total number of patients since inception... 2038

It should be noted that all departments have developed in performance to the point that the need for additional accommodation becomes increasingly more imperative.

Recently a fine new surgical lamp, an electric cautery and several much-needed items of surgical equipment have been donated by a Hamilton surgeon.

A gas machine for the administration of anaesthesia and oxygen, useful in both operating and delivery rooms, has been donated by the West Lincoln Medical Association, increasing both scope and efficiency of service in these departments.

Arrangements are being made for additional laundry facilities which should provide a more efficient and economical performance in that field.

Plans for the construction of a new wing providing twelve additional beds are under Departmental consideration at present, the completion of which will do much to produce a more balanced operation of the Hospital, as well as to provide the additional accommodation so urgently needed in hospital service to the community.

Roadwork completed to and around the Hospital by the Lincoln County Council, whereby noise has been reduced to a minimum as added much to the comfort of the patients.

All of which is respectfully submitted.  
H. D. MacRobbie,  
Superintendent.

In a statement by the Minister of Health for Ontario, The Honourable Russell T. Kelley, it is stated that his Department will make grants up to \$1000.00 per bed for small Hospitals to build new extensions found necessary. While this grant will not cover the cost, it will be a big lift. This Governmental policy seems to be to help those who are willing to help themselves.

A study of the above figures will show the need for expansion at the West Lincoln.

## IN THE SWEET BYE AND BYE

It is not too many years ago that the above picture was taken, but the street today has a far different look to it than appears here. In fact it is pretty well all built up and a lot of other things have also happened to it. What street is this?

## 6,220 PHEASANTS WERE RELEASED THIS YEAR

During Year 21,000 Eggs Were Hatched—Birds Also Sent To Pelee Island And Other Areas.

A bigger and better year with still better ones to come was the message given to the annual dinner of the Niagara District Pheasant Breeders Association by President W. F. Jones Friday evening in the Queenway Hotel, St. Catharines.

Citing the 21,000 eggs hatched this year as only a spot in the bucket to plans for the future, Mr. Jones also told the group that 6,220 birds were released in the district in 1947.

In the spring 300 adult birds were freed with a further 920 following them in early summer and 5,000 5-to-10-week-old birds going back to Mother Nature this fall. For breeding purposes the Association still retains 452 adult birds and there are a total of 2,250 of all ages still in stock. Pelee Island was sent 238 birds this season and 1,500 were forwarded to other areas.

He also informed the members that taking all assets into consideration at a very nominal appraisal the Association held \$30,347 in birds, breeding pens and cash and didn't owe a single dollar. While this sounds like a very favorable picture there is a need for more funds to carry on and expand the work of the Association so that the Niagara District might become a pheasant hunter's paradise. Taking him at his word George Stauffer hustled around and sold \$175 worth of memberships while dinner was being served. He was only one of several who were canvassing and a gratifying response met their efforts.

President Jones suggested that the resident license fee be left as at present with a dollar being add-

## BREVITIES

EVENTS of the W and TOPICS TABLO WEEK in LOID

Legion Carnival, Tuesday, Nov. 11th.

Hallowe'en Parade Friday night, October 31st.

Negro applicants for nursing training course would be accepted at the St. Catharines General Hospital, the board of governors has informed the Ontario Department of Health in reply to a questionnaire sent to 150 hospitals in the province.

Beamsville Lions Club are conducting an amateur contest in Community Hall, Beamsville, on Friday, November 28th. The idea behind the project is to try and develop young singers, dancers and musicians among the teenagers throughout the district.

The 70th annual plowing match of the Saltfleet branch of the Ontario Plowmen's Association, will be held on the farm of Victor Bowlsby, one half mile east of Tapscott, on Wednesday, November 27th. The annual banquet will be held in Vinemount Hall on Thursday evening, Nov. 28th.

ed to non-resident permits. The extra dollar will be used to forward propagation and protection work.

Major Ketchison, of the Carling Conservation Club, told the gathering that "conservation is the most intelligent management of our heritage." He spoke not of the need for protecting wild life alone but of the pressing necessity of retaining our lands so that cover would be provided for game and food would be provided for the human race.

"Since the dawn of the earth man has turned garden spots into deserts," he said and as a point in mind told of scenes of his childhood in Prince Edward County at the eastern end of Lake Ontario where the shifting sands have driven farmers off thousands of acres of once fertile soil. "Every large river of Canada is becoming a menace to our very civilization by carrying top soil away every spring," he cautioned, "and unless steps are taken to protect ourselves we will be driven out of this 'Garden of Canada' by a famished soil."

"Science has proven that a forest coverage of at least 20 per cent is necessary for continued fertility," he said, "but in most cultivated areas this has been cut to a very dangerous 10 per cent and they cannot hold out very much longer."

**NOSE BREATHING**  
Air breathed through the nose reaches the lungs filtered and purified, so, if you want to stay healthy, breathe through the nose. Mouth-breathing permits dust and germs direct access to the throat. Any condition which makes nose breathing difficult, or favors mouth breathing, should be discussed with the family physician, so that the trouble may be cleared up.

## DISTRICT LOSES A PROMINENT CITIZEN

Lt.-Col. Wm. Andrewes, Outstanding Soldier And Fruit Grower Passed Away On Saturday — Served In Two Wars.

Lieut.-Col. William Andrewes, an outstanding citizen of Clinton township, who excelled in good works and never wearied in performing them, died at St. Joseph's Hospital, Hamilton, at 82, on Saturday.

He was active in many spheres and enhanced all of them with the vigor of his personality and his qualities of mind. He had varied interests as a soldier, fruit grower and churchman, he left his mark in the fields that engaged his attention. With his soldierly carriage, he bore his years lightly and lived well into the seventies.

Deceased passed away in St. Joseph's Hospital, Hamilton, on Saturday evening after a short illness in his 82nd year. He was born at Fosseville, Suffolk, Eng., son of Rev. William John Andrewes and Georgina Kate Lockwood. He came to Canada with his parents in 1891 and in 1893 settled in his present home, "Lakeland," a mile north west of Beamsville.

He served in the South African War with the Royal Canadian Artillery. In the first great war he served with the 20th Battalion, was twice wounded and awarded the D.S.O., and was twice mentioned in despatches. At the end of this war he was in command of the 12th Reserve Battalion.

He was active in fruit growing, a former chairman of the board of education, and one of the founders of Niagara Packers, Ltd.

He was a staunch member of the Anglican Church. Services were held for him in St. Alban's Church, Beamsville, on Tuesday at two o'clock.

Rev. E. F. Maunsell officiated. Interment took place in St. Andrew's Churchyard, Grimsby.

Casket bearers were James Annable, Carson Stouck, Norman Sheppard, Robert and Ralph Stone, and Russell Young.

He is survived by his wife the former Lulu J. Vossburg, one son, Christopher, at home, two daughters, Mrs. Russell Young, Grimsby Beach, and Mrs. Norman Sheppard Toronto. One son, Lt.-Col. W. E. Andrewes, predeceased him in 1942. Three sisters, Mrs. G. Stone, Mrs. F. Ransom and Miss Phyllis Andrewes, Beamsville; two brothers, Edward, North Wales, and Rev. Raymond Andrewes of Beamsville.

## PHEASANT LICENSES

Mrs. Charles W. Durham, Grimsby Beach, will be the issuer of licenses for those who desire to hunt pheasants this year. Lincoln County Council have raised the license fees for non-resident hunters, but the fee for resident hunters remains the same.

Non resident hunters will now pay a license fee of \$3 for the first day and a \$1 a day for each day thereafter. Resident fees will remain at \$1 for the three days hunting.

## HALLOWE'EN PARADE

Grimsby's annual Hallowe'en parade, sponsored by the merchants and manufacturers will be held as usual this year on Friday night, October 31st.

The parade will form up at the Grimsby garage and parade through Main street at 7.30 p.m. to the Arena where the judging will take place. There are 23 prizes on the list for costumes and outfits as well as a special prize for girls.

The parade will be headed by the High School Cadets band and the prizes will be on display in the windows of Baker's store.

## LEGION JOTTINGS

Plans for the big Legion Carnival to be held in the High School Auditorium on the night of Tuesday, November 11th, are going on apace and the committee in charge state that it will be the biggest indoor affair that has ever been staged in Grimsby.

There will be a flock of games of all kinds, a big drawing for prizes and many special prizes offered for those in attendance.

As a special inducement to the fair sex of the district the Ladies' Auxiliary of the Legion will hold a mammoth baking sale at the carnival and many tasty goodies will be offered for palatable consumption.

## TABLO ERRECTED TO GENERAL CRUICKSHANK

A bronze tablet, erected in commemoration of the public services of the late Brigadier-General E. A. Cruickshank, was unveiled on Friday, October 17, at Welland, Ontario, where an appropriate ceremony had been arranged for the occasion.

## U. S. Palestine Plan

Under a modified plan presented by the U.S. to the United Nations session at Lake Success, N.Y., the port of Jaffa (arrow) would be transferred from the proposed Jewish state to the Arabs. Otherwise Washington supports the recommendations of the U.N. special committee for splitting the Holy Land as shown above.

The erection of this memorial in honor of one of Ontario's outstanding citizens was undertaken by the National Parks Bureau of the Department of Mines and Resources, Ottawa, on the recommendation of the Historic Sites and Monuments Board of Canada. On the tablet appears the following inscription:

Ernest Alexander Cruickshank, Historian, soldier, magistrate, Warden of Welland County, 1896, first chairman of the Historic Sites and Monuments Board of Canada. Born in Bertie Township, Welland County, 29th June, 1853. Died in Ottawa, 23rd June, 1930.

Although busily engaged in journalistic, municipal, and military work from early manhood, General Cruickshank found time to become a keen student of history. When in

## LION P. V. SMITH PAYS HIS OFFICIAL VISIT HERE

The highlights at the Lions Club meeting on Tuesday night was the official visit of District Deputy Governor Lion P. V. Smith who gave a most inspiring address in Lionism. He also gave a report on the Windsor convention which he attended, and stressed that a spirit of enthusiasm was in evidence during the whole convention. At the conclusion of his address Lion Earl Marsh, on behalf of the members present thanked Lion Smith on the fine address which he had given and stressed how happy the Grimsby Club was to have such a capable representative to carry the high honour for the local Lions Club. President Aubrey Crick also expressed his appreciation.

Another happy event was the initiation ceremony of new members of the Club, which was conducted by Lion P. V. Smith. The following are the new members: Kenneth Hudson, T. D. Jarvis, Richard Mitchell, Walter Rusnak, Wilfred Lawson, Frank Anderson, Stanley Sharp, Dr. J. V. Christie, Andrew J. C. Taylor, Fred J. Ewart.

1919 the government of Canada created the Historic Sites and Monuments Board, General Cruickshank was one of the first members appointed, and at its inaugural meeting he was elected chairman.

Advancing years had not lessened his enthusiasm for historical research and writing, and in his 83rd year he published two noteworthy works—"The Life of Sir Henry Morgan, and the English Settlement of Jamaica, 1655-1669" and "The Political Adventures of John Henry."

Professor London, of the University of Western Ontario, and a member of the Historic Sites and Monuments Board of Canada, represented both the Board and the National Parks Bureau at the ceremony.

## "SALADA" OFFERS SPECIAL PLOWING AWARD

A feature of the Lincoln County Plowing Match being held at Lincoln County Industrial Home on October 29th and in Caistor Township on November 6th is the special award offered by the Salada Tea Company to horse plowmen. Winner of the "Salada Special" at each of these events will receive \$10.00 in cash and be entitled to compete in the Salada Event at the International Plowing Matches next year for a number of valuable prizes.

## TAX COLLECTIONS ON THE DECLINE

Collections of taxes, both current and arrears, during the first nine months of 1947 have declined compared to collections during the similar period in 1946. Finance Commissioner Stuart K. Watt reported to St. Catharines city council last week.

Of the current tax levy of \$1,390,035.10, collections at the close of the third instalment date total \$1,301,693.28, or 93.64 per cent, he stated. This compares with 93.10 per cent last year, and 94.04 per cent in 1945. However, this year's tax levy is more than \$225,000 greater than that of last year.

So far 60.17 per cent of tax arrears have been collected, leaving an uncollected balance of \$15,902.23. This compares with 73.95 per cent last year. Total unpaid taxes, including both current and arrears amount to \$112,342.10, as of Oct. 10.

the highest figure in the past five years, Mr. Watt's report indicated.

## FRUIT GROWERS WILL NOW PAY FEE ON CONTAINER PURCHASES

New Act Provides For Collection Of One Per Cent By Selling Agency Or Manufacturer—Money To Be Turned Over To Ontario Fruit Growers' Association—Goes Into Effect On November First.

A great majority of the fruit growers in the Niagara Peninsula will be surprised to learn of the Governmental Bill, or An Act Respecting Farm Products Containers, that was passed through the Ontario Legislature last April.

This Act provides for the licensing or compulsory payment of fees by all growers who purchase containers, said fees to be turned over to the Ontario Fruit Growers' Association, presumably for promotional work, advertising, etc., for the betterment of the fruit industry.

Under the Act a fruit grower purchases 1,000 baskets from the Canadian Package Sales Co., or from a container manufacturer direct. The baskets, for instance, will cost him \$79 a thousand, he then is invoiced at one per cent on that purchase, or 79 cents, which is collected by the selling agency of the manufacturer, much in the same manner as sales tax, and turned over to the association.

A grower who used 10,000 baskets would pay a license or fee to the amount of \$7, and so on.

On the other hand a grower who sells his whole crop direct to the

(Continued on Page 9)

## COST \$38 TO FALL ASLEEP AT WHEEL

Joseph Hands Did Just That And Crashed Into Another Car—Magistrate Rated The Snooze Highly.

Joseph Hands, of Grimsby, was fined \$38 and \$15 costs on charges of careless driving Thursday morning in Magistrate H. D. Hallett's court on charges arising out of an accident on Highway No. 8 on the night of September 27th.

Hands, who was heading for the Hotel Henley at the time, was the driver of a car which was involved in an accident with a car driven by Joseph Soltoos just west of Beamsville. According to the four persons riding in the Soltoos car, Hands crossed the highway onto the shoulder of the road, on his wrong side, clipped off a mail post and came back onto the highway to strike the Soltoos auto. There were two pairs of brothers in the cars, Joseph, the driver, and Steven Soltoos and Dorcas and Donald Frizzell. All told the same story.

Hands said that he suddenly fell asleep at the time of the accident

## HERE'S A POSER FOR YOU

This one stopped you all. While the picture is 38 years old, still there are plenty of people in this district whose memories should have told them all about it. It was taken in the driveway that is now Bob Bourne's store. That driveway was between what is now Millyard's store and the stores of the Mary Lyn Shop to be and Smith's Shoe Store, when the little old white cottage stood there. In the rear was the Lawrie livery barn. The man on the horse is J. M. Lawrie, now Superintendent of town works, who was the marshal of the old Labor Day parades. The man in the buggy, with an attachment on the front axle for steering purposes, as the horse behind did the propelling, is none other than Adam "Pudge" McGregor.

## BILL

AN ACT RESPECTING FARM PRODUCTS CONTAINERS  
His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1. In this Act—

- (a) "association" shall mean The Ontario Beekeepers' Association, The Ontario Fruit Growers' Association and The Ontario Vegetable Growers' Association, within the meaning of The Agricultural Associations Act;
- (b) "Commissioner" shall mean the Commissioner of Marketing;
- (c) "container" shall include any bag, basket, box, can, crate or other receptacle used or suitable for use in the marketing of fruit, honey or vegetables;
- (d) "dealer" shall mean any person engaged in the business of selling containers to producers of fruit, honey or vegetables;
- (e) "licence" shall mean a licence issued under this Act;
- (f) "Minister" shall mean Minister of Agriculture; and
- (g) "product" shall mean honey and any fruit or vegetable.

2. The Commissioner shall be responsible to the Minister for the administration and enforcement of this Act.

3. When the Minister receives from an association a request asking that for the purpose of defraying the expenses of the association, every producer of a specified product or specified products who purchases containers therefor, be required to obtain a licence and to pay licence fees, the Minister, subject to the approval of the Lieutenant-Governor in Council, may, if he is of the opinion that such association is fairly representative of producers of the specified product or products, make an order—

- (a) providing for the licensing of such producers and requiring every such producer to pay to the association licence fees in different amounts and fixing the amount of such fees payable in instalments;
- (b) exempting any class of producers from the provisions of the order;
- (c) requiring every dealer who sells containers to a producer to collect the amount of the licence fees from the producer and to pay such amounts to the association;
- (d) preventing the association from using any such amounts for the retail or wholesale distribution or processing of the product; and
- (e) requiring the association and dealers to furnish to the Commissioner such information and financial statements as the Commissioner may determine.

4.—(1) Every person who violates any of the provisions of any order of the Minister made under section 3 shall be guilty of an offence and liable to a penalty of not less than \$10 and not exceeding \$50 for a first offence and to a penalty of not less than \$50 and not exceeding \$200 for a subsequent offence.

(2) The penalties provided by this Act shall be recoverable under The Summary Convictions Act.

5. This Act shall come into force on the day upon which it receives the Royal Assent.

6. This Act may be cited as The Farm Products Containers Act, 1947.

## COUNTY HEALTH UNIT HAS NO AUTHORITY OVER CANNERIES

### MAGISTRATE SKEPTICAL BUT DISMISSES CASE

Lorne Prevost Charged With Assaulting Girl Gets His Freedom On Lack Of Proof.

Lorne Prevost, of Grimsby, had charges of assault dismissed in Magistrate H. D. Hallett's court Thursday morning. His case had been adjourned from October 17th, when he was instructed to bring witnesses, if possible, to verify his alibi of being in Winona at the time Elizabeth Nickerson claimed to have been struck by a man in an alley at Grimsby.

Chief of Police Turner of Grimsby

(Continued on Page 9)

Government Severely Criticized For This Lack Of Law By County Councillors—M.O.H. Says That Many Of The Canners In Eight Municipalities Are A Nuisance To The District.

A stinging attack on the Ontario Provincial government was launched at the sessions of the Lincoln County Council in St. Catharines last Tuesday for failure to provide health units with the proper authority to deal with alleged nuisances created by canning factories in the Niagara District.

The attack, following an address by Dr. D. V. Curry, Medical Officer of Health of the St. Catharines-Lincoln County Health Unit, was spear-headed by Reeve Walter Sheppard of Niagara Township, Reeve Robert M. Johnston of Port Dalhousie, Deputy Reeve Ivan D. Buchanan of Grantham Township and Reeve John L. Hewitt of the Town of Grimsby. Mr. Buchanan declared that the Ontario government was lagging behind with the necessary legislation.

## POLICE ENCOUNTER A REAL MAN EATER

Chief Turner Has Little Finger Badly Chewed While Dealing With A Mental Fictive.

A policeman's job is not a happy one. He encounters all kinds of people and things in the daily course of his duties. But last Friday Chief of Police Turner, for the first time in his career encountered a man-eater.

A very large man, in fact an over-sized man, of foreign extraction was reported to be molesting school children on the streets. Chief Turner and Constable George Seymour soon rounded him up and he gave them some little trouble getting him into the police cruiser, but his main battling consisted of his

### FIRE AND SMOKE ARE HIS MEAT AND DRINK

A veteran of the First Great War, having enlisted at the age of 17 years, FIRE CHIEF ALF. LePAGE, pictured above, is also a veteran of Grimsby Fire Department, having joined the brigade as a fireman in 1922—25 years ago—in which capacity he served for nine years and then was promoted to the rank of Captain which position he held for eight years and was then raised to his present position of Chief which he has been for eight years. Under his guidance the department has developed into one of the best and most efficient small town fire fighting organizations in the province.—Photo by Robert Aldrick.

## GREAT FIRE FIGHTING SAVES DESTRUCTION OF VILLAGE INN

### ARE YOU A RESIDENT OR A NON-RESIDENT?

You Live In Grimsby But If You Hunt Pheasants In The Rural Municipalities You Are A Non-Resident.

Hunters who love to trail the elusive pheasant will have their innings for three days this fall, on Friday, tomorrow, October 31st, Saturday, November 1st and next Wednesday, November 5th. Whether each and every gun toter gets his full bag of cock birds depends upon how good a hunter he is.

Licence fees this year have been set at \$3 for the first day and \$1 a day for each of the succeeding days

(Continued on Page 12)

Two Hours Battle Waged Successfully By Firemen—Beautiful Oak Room Closed For Two Weeks Or More For Redecorating From Smoke Damage.

Two firemen were overcome by the dense smoke at a fire of undetermined origin which broke out in the cellar of the Village Inn early Thursday afternoon and caused damage estimated by Miss Peggy O'Neil, hotel manager, at \$10,000 or more.

Despite the fact he was wearing a gas mask, fireman Norman Morningstar collapsed in the cellar and was carried out by others. Fireman Ernest Stuart was also assisted from the building. While not in serious condition, both men were reported as being "quite sick" that night. Firemen William Stewart, Captain Wilfred Lawson and Jack Allen and Fire Chief Alfred LePage also suffered considerably from the smoke, but were able to continue on duty.

## HEAVY FINES IMPOSED ON INCOME TAX CHARGE

Wm. And Eva Bolus Of St. Catharines Failed To Make Proper Returns For Four Years.

Fines totalling \$5,050 were levied against Wm. Bolus and Eva Bolus of St. Catharines, on income tax charges on Saturday morning in Magistrate H. D. Hallett's court.

Eva Bolus, wife of William, was charged on four separate counts covering the years 1942, 43, 44 and 45 with evading income tax payments and with making false returns. William Bolus was charged on two counts of acquiescing in the making of false statements by Eva Bolus for the years 1944 and 1945. Both defendants pleaded guilty on all counts.

Evidence in the case was given by C. G. Main of the Department of Internal Revenue and covered non-payment of monies earned in the operation of two hotels, one in

(Continued on Page 12)

For First Nine Months Of This Year 1,111 Cases Treated As Compared To 927 For Whole Year Of 1946—181 Babies Brought Into The World—New Equipment Has Been Donated—Plans For Construction Of New Wing Under Consideration—Government Will Make Grant Up To \$1,000 Per Bed.

The Independent is pleased to reprint an interim report by the Superintendent of the West Lincoln Memorial Hospital covering the period from January 1st to September 30th, 1947, which has been compiled for the information of the Municipal Councils of Beamsville, Grimsby, Townships of Clinton, North Grimsby, South Grimsby and Winona.

The above Municipalities have subsidized the operation of Hospital at a rate of 60 cents per capita not to exceed eight tenths of one mill, which together with the support of the Lincoln County Council and the Provincial Government has maintained the following service to our people.

### West Lincoln Memorial Hospital, Interim Report Ending September 30th, 1947.

During the past nine months the following services have been rendered by West Lincoln Memorial Hospital to the residents of the area.

Total Admissions .....	711
Operations .....	198
Deliveries .....	181
X-Ray Examinations .....	414
Patient Days .....	4967
Total Patients Treated .....	1111
Average Stay Per Patient .....	6.99 days

The following figures are submitted for the purpose of comparison of services rendered in the entire year of 1946 and the first nine months of 1947.

1946—	
In Patients .....	720
Out Patients .....	207
	—927
1947 to Sept. 30th—	
In Patients .....	711
Out Patients .....	400
	—1111
Total number of patients since inception .....	2038

It should be noted that all departments have developed in performance to the point that the need for additional accommodation becomes increasingly more imperative.

Recently a fine new surgical lamp, an electric cautery and several much-needed items of surgical equipment have been donated by a Hamilton surgeon.

A gas machine for the administration of anaesthesia and oxygen, useful in both operating and delivery rooms, has been donated by the West Lincoln Medical Association, increasing both scope and efficiency of service in these departments.

Arrangements are being made for additional laundry facilities which should provide a more efficient and economical performance in that field.

Plans for the construction of a new wing providing twelve additional beds are under Departmental consideration at present, the completion of which will do much to produce a more balanced operation of the Hospital, as well as to provide the additional accommodation so urgently needed in hospital service to the community.

Roadwork completed to and around the Hospital by the Lincoln County Council, whereby noise has been reduced to a minimum as added much to the comfort of the patients.

All of which is respectfully submitted.

H. D. MacRobbie,  
Superintendent.

In a statement by the Minister of Health for Ontario, The Honourable Russell T. Kelley, it is stated that his Department will make grants up to \$1000.00 per bed for small Hospitals to build new extensions found necessary. While this grant will not cover the cost, it will be a big lift. This Government policy seems to be to help those who are willing to help themselves.

A study of the above figures will show the need for expansion at the West Lincoln.

## IN THE SWEET BYE AND BYE

It is not too many years ago that the above picture was taken, but the street today has a far different look to it than appears here. In fact it is pretty well all built up and a lot of other things have also happened to it. What street is this?

## FACTS & FANCIES

Frank Fairborn, Jr.

### THE VILLAGE INN STILL STANDS

Words cannot express the high commendation that must be given to Fire Chief Alf. LePage and his men of the Grimsby Fire Department, by the citizens of this Town and district, for their courageous and remarkable work on Thursday afternoon last.

Only through the leadership of Chief LePage and the well trained work of his men is one of the Fruit Belt's greatest institutions in existence today.

The Village Inn still stands, and we hope for many years to come, thanks to Chief LePage, his men and the fact that he has equipment at his command to cope with a serious situation.

Fire ravaged the basement of this fine old hostelry, but with the exception of one minor spot never got up into the first floor. Smoke damage, yes, plenty, but fire damage. NO. The building stands just as intact today as it did a year ago.

When Chief LePage and his truck arrived on the job he took in the situation in a flash. Ordered two lines of high pressure hose laid and battled the fire with water in the basement where the drains could carry away the fluid. Used for nozzles and all other equipment at his command and won his battle. He has no control over smoke damage. He never made a call for a second crew of men or for the second truck which stood in the hall, fully manned to answer a call, if one came in, from either the Town or Township.

It is not too many years ago that Fire Chief LePage or no other fire chief could have battled that fire and beat it successfully. Why? Because they did not have the equipment to do so. Thanks to some of the men still sitting in our two councils and particularly to some of the men who have passed out of municipal life, that equipment is now in existence and was used to wonderful advantage last Thursday.

Many thanks to the fact that the equipment was on hand and particular thanks to Chief LePage and the men of the Grimsby Fire Department. THE VILLAGE INN STILL STANDS.

### LET'S FACE FACTS

Next to war the worst enemy that the people of Grimsby have is the Fire Demon.

Three times, within my time, we have gone to war and we have won out, with a minimum loss of life and all dependents taken care of. Are we going to win out on this Fire Demon war with all dependents taken care of? ? ?

At The Village Inn fire on Thursday last a wonderful job was accomplished by the Grimsby Fire Department, but in accomplishing that job two firemen passed out of the picture and several others were close to the curtain coming down. That only brought back to me a question that I have debated within myself for several years past. Being an old fireman and having gone through all that the present fire laddies go through I know what I am talking about.

When I stood and watched the battle that those boys put up at the Village Inn and I watched Provincial Constable Teddy Hope rendering First Aid to Fireman Norm Morningstar and to Fireman Ernie Stuart, this old piece of ivory that I wear above my shoulders was doing a lot of thinking and I came up with the thought "If Norm passes out what becomes of Mrs. Norm and those two little girls, what becomes of Mrs. Ernie and that little family that she held together while Ernie was battling overseas? ? ?

Folks, it is quite nice to crawl into a comfortable bed at night, lay your weary head upon your pillow and say to yourself "well, if anything happens Chief LePage and the boys will be here." Nice thought. Beautiful thought. But did you ever stop to think about who would take care of the wife and kiddies of one of those boys if they "Go West" in saving your property. Sure, the fire bell would toll. The floral wreaths would be numerous and magnificent. The letters and telegrams

## NEWSPRINT FISHING TRIP

Editorial in The NEW YORK Daily News, October 10th, 1947

There is a world shortage of newsprint—the stock of which newspapers are printed. You're holding a nice piece of it in your hand as you read this editorial.

### INSULTING OUR BEST NEIGHBOR

The U. S. Department of Justice, needed by radicals in and out of Congress, has started out recently on a peculiar looking anti-trust fight against some of the big Canadian paper companies on the ground they do business in the United States.

Not knowing exactly what it was after, the Justice Department, making sweeping charges of price-fixing and other evil practices, a few weeks ago served subpoenas on three of these companies, ordering them to produce the records of their Canadian operations. These records are mainly in Canada, of course, and to bring them down here would be an immense job.

These subpoenas, too, would require a lot of Canadian citizens to come into the United States and submit themselves to the mercies of our Justice Department and our courts. Off-terly, we can't think of a proposition much brasser than that. The Canadians resented it bit-

A Congressional committee has just visited Toronto, where it went, not to help the Justice Department's witch hunt along, but to inquire whether there is any way to increase Canadian shipments of newsprint to this country. The committee was invited by the Can-

In the course of conversation, the chairman—Representative Clarence J. Brown (Ohio)—hinted to the Canadian paper people that they tell the U. S. Department of Justice to go to hell as regards yielding up any of their records. That sounds like a good idea to us.

It seems to us, too, that the Justice Department could find better ways to use its time and expense money than this business of insulting the best friend the United States has, meaning the Dominion of Canada.

Canadian paper producers' faithful adherence to their U. S. contracts, in the face of soaring newsprint prices elsewhere, is one of the biggest reasons why U. S. newspaper readers can buy as many papers as they can. If the Canadians wanted to get tough about it, they could cripple production of papers from Maine to California.

Instead, they are straining themselves to meet all U.S. demands, have set an all-time production record this year, and expect to do even better in 1948.

But far from showing some decent appreciation, our Attorney General starts a fight in which Canadian toes are bound to be stepped on and Canadian feelings irritated. Where is the sense in that, and why go on with it?

would be multitudinous, but two weeks afterwards the little wife would be out on the street hunting for a job and possibly for something to eat. You had forgotten all about her late lamented husband and about her and the kids.

Don't come back at me with that insurance idea because the men of the Grimsby Fire Department are only insured for \$3,000 and by the time that my good friend Stonehouse gets done giving that fireman a good decent burial one-sixth of that \$3,000 is gone unless he digs into his own pocket and puts up a lot, which he would be very liable to do. So you can see that twenty-five hundred dollars is not much for a widow and a couple or three or even more children to go out and face the world on, particularly when the father died in YOUR service.

I often talk with pleasure to one of the best posted and one of the most highly respected fire insurance men in this province, Charlie Kirk, and he has told me times without number that the reason that the Grimsby fire insurance rate was as low as it was, was two factors, an excellent waterworks system and a well directed, well trained fire department.

Now then, people, you benefit from those two facts. Then why not protect those benefits. The one you have, the other you have not. You have protected your waterworks system by having the best men available at the head of it. But have you protected your Fire Department? No.

It is about time that you did. I am not going to find fault with the members of the Town or Township Councils whose members represent you on the Joint Fire Committee, because they are only carrying out the wishes that you wish, but some day you may wish that they had not carried out those wishes and then you would only do what you always do, blame it back on them.

I would just like to see some citizen in this Town or Township, and there are some, that would come forth and say to the members of the two councils: "Gentlemen, put \$10,000 insurance on the life of every one of those men. The premium on those policies out of the municipal coffers would not amount to a tinker's hoot in Timbuctoo and

you know how much that is worth. Add it up against your savings on your insurance premiums and see who is the gainer.

### BE PREPARED

Householders who want to meet the emergencies of cold weather in the most economical manner are offered a few "don'ts" by the Canadian Institute of Plumbing and Heating. The Institute cautions that amateur plumbing may be an interesting hobby, but it can also be expensive.

The following advice is given:

1. Don't try to thaw out frozen water pipes with an open flame. The only way is to use hot cloths. Master plumbers and heating contractors have equipment which will thaw pipes out with an electric current.

2. Don't use a plumber's torch to thaw pipes. In inexperienced hands, the torch may be a dangerous instrument. It may cause fire or explosion.

3. Don't use lye, potash or drain solvents to thaw out frozen water pipes. You risk serious injury to yourself or to workmen who may try to undo damage you have done.

4. Don't assume that frozen pipes will thaw unaided as the weather gets warmer. When pipes freeze, call a plumbing contractor at once. The damage caused by a frozen pipe which bursts may far exceed the cost of having it thawed out by a plumber.

5. Don't pour boiling water into frozen toilet bowls. A sudden and extreme change in temperature is very likely to crack the vitreous china bowl.

6. Don't draw water from the "draw-off" faucet of the domestic hot water boiler if the water pipes are frozen. The boiler might collapse under the vacuum created.

7. Don't let the water run low in the boiler of a steam heating plant. Instead of trying to watch the water line, better have the boiler equipped with a device which automatically keeps it supplied with the right amount of water and cuts off if the water is dangerously low.

8. Don't neglect to have worn or obsolete

Get ready for the Legion Carnival.

Some nice hallowe'en decorated windows in the stores.

Pat's Restaurant is closed while alterations are being made to the kitchen.

Did you hear about that big whale of a fish that Hebe Jarvis says he caught.

Hobby—Something you go goofy over to keep from going nuts over things in general.

Bank of Commerce now resembles a big city financial institution. It will be better when the new fixtures are installed.

They actually caught fish. Wes Willie Hewson and five of his employees spent the weekend at Monford and they really did catch a nice bunch of the finny tribe. They brought them home to prove their point.

The guns will be blazing tomorrow and Saturday. Pleasant days. The district will be full of hunters and would-be hunters out of the city. Incidentally, there will be a lot of disappointed ones, too, for the birds are pretty canny.

Davey Thomson came forth with the information that the reason the street lights were on all morning on Thanksgiving Day was because a "re-lay" in the circuit was burned out, also since the trees have been trimmed the people can now see the lights.

air valves replaced on radiators of steam heating plants. Poor air valves are one of the most common causes of complaints about poor heating. It is a complaint that can be avoided if air valves are checked by a heating contractor once a year.

9. Don't neglect to vent radiators of hot water heating plants occasionally. Remember that if the radiator is full of air, it can't be full of hot water or steam, and you won't get the heat which the combustion of fuel is putting into the water.

10. Don't expose hot water radiators in bedrooms to freezing temperatures by opening windows wide during extremely cold nights. Leave shut-off valves open a little bit to permit circulation of water during cold nights.

### WHY DETACHABLE CAR PLATES?

The Ontario Department of Highways announces that the two-plate system of motor licenses will be resumed next year. In the interests of law observance, probably numbers should be carried in front, as well as in rear. So long as we continue the present practice of using nonpermanent detachable plates, however, adding another will mean more rattle and exasperation for the motorist.

Surely we should be able to devise some system of using a permanent car marker, preferably welded solidly to frame or body. So handled, it would look much neater and could not rattle, fall off or catch on things. Even more important, it would make car stealing far less easy. At present, a few minutes' work with the screw driver and a switch of plates, gives the thief almost complete protection.

Furthermore, permanent plates would make it much easier to develop some effective interprovincial system for catching car thieves. Today their work is easy: the job expected of the police very frustrating indeed.

### LITTLE AND BIG THINGS

Many persons feel that their daily lives are made up of a great number of very small things. It may seem to them when the day's work is finished, that they have not accomplished anything important.

This reminds one of the old story of the rural newspaper correspondent who once in her haste sent off an item which read: "Mrs. A. . . spent yesterday." In her haste, she omitted to say where Mrs. A. had spent that day. So some people feel that they are just spending their time, without getting anywhere. This is often true of the labors of women in their homes.

The lives of many of them seem an infinite round of a great number of little things. Cooking the meals, washing the dishes, cleaning rooms, mending the children's clothes, making beds, and so on. Their lives may seem to some to be made up of trifles. Yet all these little things they do are part of the wonderful job of making a happy and healthy home.

Don't tell your troubles to others, most of them don't care a hang, and the rest are glad of it.

## STUDY THE EYES

"Better to have your children grow up to enter the world of affairs with less-impressive scholastic honors, than as neurasthenics whose whole life may have been warped in the quest for book learning." This advice to parents comes from health officials at Ottawa. They point out that intensive school work can lead to eye-strain, with consequent harm to the nervous system, and recommend that children's vision be checked frequently.

Everything costs more nowadays. It even costs more to sow a drop of wild oats.

## Hints On Fashions

Suits are all things to all women this year, with something for everyone, no matter how demanding or exacting her taste. Taupe colored velvet makes the jacket of this classically tailored, yet different suit, which has a skirt of brown woolen, very straight and narrow. The jacket is beautifully moulded through the waist, and slightly padded for rounded hips where there are flap pockets. It has a classic collar and revers. A brown wool jersey blouse completes the outfit.

## Classified Advts. Pay Big Dividends

A story that never ends...

THE TALE your Telephone Directory tells is never finished. Year after year more names are added, more people whom you can call, and who can call you. Right now we're busy with unfilled orders... adding still more telephones just as fast as materials become available.

More people are using their telephones more often. Our constant aim is to make the service better, too, better in every way.

More telephones... better service... and always at the lowest possible cost. It all adds up to greater value for every telephone user.

## MY WEEK

(By R. J. DEACHMAN)

I have mentioned it before, I say it again. The most interesting thing in my work is the comments I get, especially from the farmers of Western Canada. Sometimes I think they are more puzzled now about the future of farming than they ever were before.

I lived in the West for twenty-one years. I have been all over it with the exception of the extreme North. I have written for Western papers about the East and for Eastern papers about the West. Some of these people when they see something I have written with which they are in accord write and thank me. They write, too, when they are not in accord—that, too, I value. The Scots have a phrase for it: "The best of folk are the better of being spoken to."

I had a letter the other day from a man in what I would call Central Manitoba. He told me a story about the old days. A neighbor of his went to town with a grist. When he came to the river the bridge was gone. He plunged boldly into the water with the oxen and got safely to the other side. There he met a preacher riding on a pony. "Are you saved?" said the minister. "Yes, I be," he answered, "but I have my doubts about you. I have crossed the river but you be on this side and the bridge be down." The world has gone a long way since John Bunyan wrote "Pilgrim's Progress."

My friend put up a question, an old one in the West—it still survives. "Suppose," he writes, "there are a hundred banks in Manitoba. On Monday morning they start loaning and in five years they have \$50,000,000 outstanding. Then they begin to call in their loans. What happens? The answer is hard times and depression." Statements like that were quite common during the depression of the thirties.

Let us put them to the test of reality:

(1)—Banks are money lenders. That is not their entire source of income, they have investments, they render services for which small fees are charged.

(2)—Why should banks call their loans, "draw in their money," deprive themselves of their income unless they thought that it was necessary to protect their depositors, prevent their borrowers from overreaching.

(3)—But isn't it true that banks are more willing to loan at one time than they are at another? Certainly. When skies are clear and prospects bright they are more eager to loan. Remember, too, that is the best time to borrow. It's a case of willing borrower meeting willing lender. There are, however, times when, in the interests of all it is advisable to apply the brakes to credit expansion.

But are the banks always responsible for the reduction of loans? Is there not at times a decline in demand which is somewhat different from a reduction in supply? Here is a statement from an expert, one who has written widely on this subject:

"Ordinarily, to bring about a contraction of credit, banks must take positive steps to deter traders from borrowing. But it may happen that demand is so contracted and markets so unfavorable that traders, seeing no prospect of profit, abstain from enterprise and do not borrow. The re-

### Director-in-Chief

James Gordon Taggart has been appointed Director-in-Chief, Agricultural Services, Dominion Department of Agriculture, highest post in the Dominion Civil Service ever to be filled by open competitive examination. Born on a Nova Scotia farm, educated in Ontario, first Superintendent of the Dominion Experimental Station, Swift Current, Saskatchewan, and former Saskatchewan Minister of Agriculture, Mr. Taggart is regarded as one of the best informed Canadian agricultural leaders. His chairmanship of the Meat Board and service as Food Administrator were recognized by the award of C.B.E. in 1946. Since the formation of the Agricultural Prices Support Board, almost two years ago, he has been its Chairman.

## STRATOSPHERE STROLL

Out for a walk with his mother, Ernest Evans, 23, of Middlesex, Eng., towers over her. Ernest is seven foot seven inches tall and weighs 357 pounds. The young giant, who has four sisters, is an only son. His sole regret about his height is that he can't get a bicycle that he can ride.

lucance of borrowers may cause a contraction of credit quite as effectively as the reluctance of lenders."

We must consider certain other factors. Bank loans in Canada amounted to \$2,735,000,000 in 1929, dropped to 1,141,000,000 in 1934. The wholesale price level in 1929 was at 95.6, in 1936 it was at 74.6. Manufacturers borrowing to purchase raw materials, required less money, prices of raw materials had dropped. All these things were factors in reducing the volume of money required. Don't blame all your troubles on the banker, he has plenty of his own.

### FREE BOOKS

Anyone interested in public health, and, in fact, in almost any phase of health conservation, may study it free. The federal government, in co-operation with provincial authorities, issues a whole series of very informative publications. These may be had on application to any Provincial or local health office.

Such terms as "disinfection," "disinfectant," "fumigation," "isolation," "quarantine" and others related to procedures recommended by health authorities are explained as well as methods adopted in preserving community health.

The ideal home is the one where you will find more children than dogs and cats.

## NICKEL

Prospectors have a saying that "gold is where you find it." And they can back up that contention with numerous examples of great gold mines of today that were discovered by accident. They can also apply that saying to other metals than gold. Take, for instance, nickel.

The only reason Thomas Tait strolled up the right-of-way beyond the construction camp of Sudbury that day, sixty-four years ago was to put in time while awaiting the return to his private car of Sir William Van Horne, vice-president and general manager of the Canadian Pacific Railway who had come up alone on an inspection trip. In that year the Canadian Pacific Railway, under construction from coast to coast and literally welding Canada together with bands of steel, had penetrated, on its way to the Pacific, well into the rocky wilderness of North Ontario. Now Tait was neither an engineer nor a prospector but the private secretary to Van Horne. It was Tait, however, who was attracted by the glimmering formation in the rock cut, ginkered a few samples, and took them back to Montreal with him.

It was there that they attracted the attention of an American promoter, S. V. Ritchie, who took them to be assayed. Their copper content intrigued Ritchie to the extent that he purchased ten thousand acres of land in the vicinity of the construction camp of Sudbury and early in 1886 formed a company to develop the ore. Utterly disappointing was the result of the first shipment to the smelter. It contained two and one-half per cent of the metal, nickel.

Back in the eighteenth century the miners of Saxony in their efforts to smelt copper ores had encountered a reactionary element and produced only a worthless alloy. To this ore they gave the name "kupfer-nickel" after "Old Nick," the devil himself. But what the Germans scorned as "Old Nick" the Chinese had for centuries exploited commercially, a shiny white metal that they called "Paktong." And in 1861 a German scientist isolated this metal and gave to it the name of nickel. But even with the advent of the metallurgy and its successful production there remained practically no demand for it. For no supplies of nickel were known to exist.

Persuading that here at Sudbury had been found a rich deposit of nickel, Ritchie set out to find a market for his ore. His suggestion to Krupp, the German gun-maker, that he be used in the manufacture of armaments was scorned. But a paper presented before the Iron and Steel Industry of Edinburgh suggested this very use. Interest was awakened and the United States Government requested the Orford Copper Company to produce nickel for its use. Metallurgical difficulties were encountered and solved; new uses were found for the metal and the world was combed for supplies of this now valuable ore. And at Sudbury were they found.

Turn now to the year 1947. In the rocky northland, where little more than half a century ago stood only a rough construction town, great smokestacks tower into the sky, at their feet sprawl immense headframes and concentrators and smelters, and deep down in the bowels of the earth miners blast loose the ore rich in copper, nickel, platinum and other minerals. An has produced more wealth than any other mining camp in Canada. Here stand the modern Cassi Sudbury and the adjoining city of Copper Cliff, Creighton towns. Garson, Levack, Milomonsbridge. Here is the famous and good Mine, Canada's greatest ore producer and one of the copper-producing sources of platinum, world-renowned as the world's most abundant known mineral deposit. Value produced over 90% of the Here nickel. Already over 140,000 tons of ore, valued at \$1,000,000,000 have been mined from 800,000 stopeholes.

Nickel, as well as gold, is the "gold" of the future. Accidentally, it led to the building of Sudbury, Ontario's largest city, North.

### PLANS PROVIDED

Set of plans for "Canada's health," consisting of architectural designs for small health rural has been produced and tests by the Department of National Health and Welfare, Ottawa, print its Hospital Design Division's publication, which is obtained without cost from Provincial health departments. It is designed to assist in establishing clinics, workshops and health centers in rural communities. A "do-it-yourself" general hospital facilities book will be of particular interest to members of rural communities to country doctors.

**SALVAGING VALUABLE CANNED FISH**

Two streams from 12-inch hoses spout cans of salmon, soggy cardboard cases and other debris into Foss Launch and Tug Company barge, which will haul this valuable canned fish saved from the wreck of the fishing vessel Diamond Knot, to Puget Sound points for re-canning. The Diamond Knot sank last August at Point Angeles, near Seattle, Washington, after collision with another vessel, the Foss Victory. The salvage technique is nothing new, according to salvage director Walter L. Mardingdon, but it is the first time it has been used on such a scale and at such depths. The big siphon hoses are moved right into the straggled hull, with divers below to spot them on the cargo. The wrecked ship lies in 120 feet of water.

**PENINSULA LIBERALS**

Harry P. Cavers, last year's secretary-treasurer, became president of the Lincoln County Liberal Association at the annual election of officers Tuesday night. Lt.-Col. E. F. McCordick, last year's president was not a candidate.

Another member of the legal profession, John Franklin, was elected to fill the secretary-treasurer's position. Wil Stewart, Niagara township, was re-elected first vice-president. Mrs. Hubert Carl is second vice-president.

**LOCAL W.P.T.B. OFFICE  
MOVED TO TORONTO**

Effective Oct. 31, 1947, the area now served by the local office of the Wartime Prices and Trade Board at St. Catharines will be consolidated under the jurisdiction of the Toronto office, it is announced by H. L. Bunting.

This is in line with a policy of economy adopted by the Board which has completed a number of other consolidations in various parts of Canada.

On and after Nov. 1, 1947, an organization to handle rental matters is being maintained at St. Catharines in the Dominion Building at the corner of King and Queen streets on the fourth floor. All other services will be supplied by the regional office of the Board at 330 Bay Street, Toronto.

**WINS A PRIZE FOR  
CATCHING BIG FISH**

Philip Wismer, 14-year-old Jordan Station boy, beat his famous fisherman father and all other anglers who entered the fishing contest conducted this season by the St. Catharines and Lincoln County Game and Fish Protective Association, it was revealed when contest results were announced at Tuesday night's Association meeting at the Queensway Hotel.

Young Phil's large mouth bass weighing four and a half pounds, caught in one of the "holes" which his father has successfully scouted for years, not only won the bass section, but brought Phil the prize for the biggest fish in the junior section, and incidentally was the largest fish entered even by seniors. His dad, Philip Wismer, had to be content with a bass weighing three pounds, 15 ounces to take second prize in the bass section.

**FRUIT DEALERS FINED**

On October 9th, 1947, the following fruit dealers were fined at the City Hall, Toronto, for violations of the Ontario Farm Products Grades and Sales Act:

M. Foss, R.R. No. 1, Niagara-on-the-Lake, Ont., \$10 and costs for overfacing six quart baskets of dill cucumbers.

Nick Surawell, Milliken, Ont., \$25 and costs for overfacing and falsely representing dill cucumbers.

Mac Shore and Harry Ash (Mac Fruit Co.), 96 Colborne St., Toronto, \$10 and costs for violation of the Package Regulations, selling tomatoes in packages not standardized under the Farm Products Grades and Sales Act.

Mitchell Pacific Produce Co. Ltd.

**JOINS PROVINCIALS**

Douglas Robbie, for some years on the staff of the Grimsby Natural Gas Co., both before the war and since, has severed his connection with that firm this week.

For some time past he has had his application in to join the Ontario Provincial Police and he now has been accepted and leaves for Toronto on Monday for a six weeks' training course.

He is a brother of Sgt. Ike Robbie of the Provincials, now stationed in Cochrane and for some years stationed in Grimsby, St. Catharines and Welland.

**PLAN FOR DISTRICT  
INCOME TAX OFFICE  
BELIEVED SCRAPPED**

Although no official statements have been forthcoming it is believed that the proposed plan to establish St. Catharines as headquarters of an income tax district for the Niagara Peninsula with an operational staff of about 100 employees has been discarded.

Rumors circulating during the past few weeks were given more strength Tuesday with the appearance of an advertisement in The Standard offering 10,000 square feet of space in the new Dominion building for office rental. It had previously been intended to house the income tax and succession duty offices on the third and fourth floors and part of the second floor.

William Nicholson, assistant inspector of the offices, said Tuesday that his department was giving up its space on the second floor, was abandoning its reservation of the fourth floor and would locate on the third floor.

It has been announced that the WPTB rental offices, now located on King street, will be moved into the new building Nov. 1 and will occupy part of the fourth floor.

N. J. M. Lockhart, M.P. for Lincoln, said that he was "very much disturbed" about the advertisement which appeared, indicating that the scheme might have been abandoned. He pointed out that he had written to Hon. J. J. McCann, minister of national revenue, some time ago to find out whether the proposed plan, which had the backing of many Niagara district groups, was going through or not.

"At least three months ago the minister assured me in writing that the establishment of a headquarters here was not being abandoned, but was merely being deferred for a short time due to lack of trained personnel," he said. "The minister said that I could assure the people of the Niagara district that the matter would be reopened at a later date. I was assured definitely that it had not been abandoned."

**HABIT FORMING**

Since their very futures will depend on wise guidance, children should be given a good set of living habits from earliest years, the authorities at Canada's capital remind parents. Habits which last a lifetime are formed in childhood. It is then that environment, example and training mould personality and create character.

Health experts suggest that parents consult family physicians to ensure that their children are being taught sound health habits.

# DEDICATION OF ORGAN AT ST. ANDREW'S CHURCH MEMORIAL TO THE LATE REV'D J. ALLAN BALLARD

On Tuesday evening, Oct. 28th, the recently installed Casavant Organ was dedicated by the Right Reverend J. W. B. Broughall, M.A., D.D., Bishop of Niagara. Evenings was said by the Rector, the Rev'd E. Arnold Brooks, M.A., assisted by the Rev'd Edwin Weeks. The lessons were read by Rev'd Dr. Neil N. Leckie and the Ven. Archdeacon G. F. Scott.

A memorial tablet on the wall of the Chancel was unveiled by Mr. G. G. Bourne and bears the following inscription:

"To the Glory of God and in Memory of the Life and Ministry of The Reverend John Allan Ballard, L.Th.—Jan. 4th, 1865 - April 17th, 1945, Rector of this Parish (7th), 1900-1944. And of Caroline Georgina Milne, his wife, who died June 3rd, 1935. 'Such as are planted in the House of the Lord, shall flourish in the courts of the house of our God.' The organ in this Church is dedicated to their memory."

The tablet is of polished brass with black, red and blue enameled, mounted on an oak base with carved motif symbolizing faithful souls abiding in Christ.

The organ itself is a two manual instrument containing 487 pipes and 27 stops, console and casework of oak specially designed for the church. It is the work of Casavant Brothers, St. Hyacinthe, Quebec. The order of service printed for the occasion bore a text from Genesis—"Jubal was the father of all such as handle the harp and the organ." A quotation from Dante recalled the subject of the memorial, "For in the mind is fix'd, and now stricks full upon the heart, the dear, be-

nign, paternal image such as thine was who so late did teach the way for man to win eternity." Also from 2nd Maccabees, 6:31—"And thus this man died, leaving his life for an example of a noble courage and a memorial of virtue, not only unto young men, but unto all."

The sermon was preached by the Ven. Archdeacon W. G. O. Thompson, Rector of Georgetown, a personal friend of long standing of the late Rector. Speaking informally and affectionately out of the great love he had borne him as friend and advisor, the preacher referred to the long pastoral relationship of Allan Ballard over the period of his forty years' rectorship, of his wisdom, kindness, love of people, helpfulness and spirituality. "We would do ill," he said, "if we forgot him." We, ourselves, concluded the preacher, are as organs to be played upon by the Divine Master of music to the bringing forth of the melody of holy praise from lives under His control.

The final blessing was given by the Bishop who wished to associate himself with the tribute paid by the sermon and to congratulate the Rector, Churchwardens and congregation on the possession of so fine an instrument for the ministry of music in worship.

A number of out of town people were present for the service, representing the large number of former parishioners who had assisted in the Memorial.

## Card of Thanks

Mrs. H. E. Marlow wishes to thank her friends and neighbors for their kind expressions of sympathy extended to her in the recent loss of her father.

# THE GRIMSBY INDEPENDENT

## CANADIAN MINISTER HAS HOME ATMOSPHERE IN AUSTRALIA

The Hon. Brooke Claxton, left, Canadian defence minister and leader of the Canadian delegation to the empire conference on the Japanese peace settlement in Canberra, Australia, was the guest of Kenneth A. Greens, high commissioner for Canada, while he was in Canberra. Mr. Greens, with his wife and daughter, Patsy, had just arrived in Australia. Mr. Claxton is shown here with Mr. Greens, Mrs. Green and daughter, Patsy.

## BAPTIST Y.P.S.

Newly elected officers of the Baptist Young People's Union will be publicly installed in an impressive colorful Candlelight Service during the evening hour of worship in the Baptist Church on Sunday on Sunday evening next.

A fine capable slate of officers were elected recently. These will form the Cabinet who will direct the activities of the age group classified as the B.Y.P.U. and this ceremony will officially mark their entrance in the year's activities.

As the entire society will be included in this ceremony as well as the rest of the membership of the church all are invited to be present. The parents of the members of the society are also invited to be present.

## GRIMSBY PARK HOME AND SCHOOL ASSN.

A large attendance was present for the first meeting of this season of the Grimsby Park Home and School Association.

In the absence of the president, Mrs. A. L. Wilson conducted the election of officers for the coming year which was as follows: President, Mrs. M. E. Nelles; vice-president, Mrs. J. P. Hogan; Sec'y-Treasurer, Mrs. Fred Lee.

Pians were discussed and made for holding a Bridge and Euchre Party at the school on the evening of November 14th. A brisk sale of tulip bulbs was held with a goodly sum realized.

Ten was served by Mrs. A. L. Wilson and her committee.

## Grassie News

Mr. and Mrs. Ted Duck spent Sunday afternoon at Port Dover.

Mr. and Mrs. Wm. Hilberg and Donald visited with relatives at Oakville on Sunday.

A large crowd attended the 10th Chatterbox play at the school on Friday evening.

Mr. and Mrs. F. Joyner of Smithville, called on Mr. and Mrs. A. Swayne on Sunday.

Mr. Thos. Bradley from Garnde Gospel Church, was speaker at the Grassie Church on Sunday.

Mr. and Mrs. Clifford Walker and Betty Lou spent Sunday at Harold Hopkins', Niagara Falls.

Mr. and Mrs. Melvin Southward and Ralph of St. Catharines, visited with relatives at Grassie over the weekend.

## IN MEMORIAM

FAULKNER—In loving memory of our nephew, Harry Faulkner who died October 31, 1942.

I cannot say and I will not say, That he is dead, he is just away, With a cheery smile and a wave of the hand, He has wandered away into an unknown land, And left us dreaming, how very fair it needs must be, Since he lingers there, And you, O you, who the wildest yearn, For the old time step and the glad return, Think of him faring on as dear, In the love there as the love of here, Think of him still as mine I say, He is not dead, he is just away. —Missed by Mr. and Mrs. Ambrose.

This will be recalled as an age of controls. Everything was under control except the children.

## TRINITY UNITED CHOIR

On Friday evening the members and friends of Trinity United Church Choir held a pot luck supper in Trinity Hall. The tables were very beautifully decorated in fall colours and symbols of Hallowe'en. Candle lighting added greatly to the enjoyment of the supper. A lively sing-song followed, led by Mr. Harold Jarvis and accompanied by Mr. Donald Kennedy. The evening was spent in games of "Who Am I?" and Quiz Contests, with all of those present being divided into pairs and working as a team. Those winning the contests were Miss Peggy Dowie, Mrs. Tom Erskine and Mr. G. L. Eaton.

Mr. T. L. Dymond welcomed all the new members to the choir, and also expressed the regret of the choir to those four members who are leaving. By special request, the members of the Music Committee repeated their Wednesday evening performance of two well known songs. Mr. G. L. Eaton also repeated his humorous recitations.

A vote of thanks to all those who had helped to make the evening such a wonderful success was offered by Mr. Harold Jarvis and Dr. Don Copeland. The evening was brought to a close by singing "Auld Lang Syne."

## Lions Club

On account of the recent fire at the Village Inn, Grimsby Lions have decided to make the Zone meeting to be held at the Queensway Hotel, St. Catharines, on Thursday, Nov. 6th, their regular meeting. Tickets are on sale at the following business places: P. V. Smith's, Current and Betzner's Hardware, V. Tuck's and Millyard's Drug Store.

Lions are asked to gather at the Village Inn at 5.45 p.m., to proceed to St. Catharines.

## GRIMSBY POSTAL NEWS

Correct addressing speeds delivery. A large number of letters are being received at Grimsby with insufficient address.

A letter addressed to Mr. so and so, Grimsby, does not help, as a lot of names are duplicated. Kindly advise your friends as to your Box number or Rural Route Number.

Street addresses help but till we get a street delivery these letters have to be put aside and looked up in the directory.

Christmas parcels for overseas should be mailed as soon as possible to avoid disappointment.

## GREEN TREES GUESTS

- Mr. and Mrs. S. Gale, Toronto, Ont.
- Mr. and Mrs. Bert Smyth, St. Catharines, Ont.
- Mr. J. A. Greer, Zeller, Pa.
- De and Mrs. Haruna, Camsburg, Pa.
- Miss B. McCarter, Toronto, Ont.
- Miss I. M. Sharpe, Toronto, Ont.
- Mrs. B. Reid, Miss Elsie Reid, Keene, Ont.
- Mrs. R. Carles, Peterborough, Ont.
- Mr. and Mrs. Doolittle, Spokane, Washington.
- Mr. and Mrs. F. R. Wis, Lakewood, Ohio.
- Mr. and Mrs. T. M. Harman, Lakewood, Ohio.
- Mr. and Mrs. Burt Foote, Avon Lake, Ohio.

## Coming Events

Trinity Service Club is holding a Pre-Christmas Bazaar in Trinity Hall, Friday, November 7th, from 3 to 6, and from 7 to 10.

The Ladies' Auxiliary of the Canadian Legion will hold a rummage sale on Saturday, November 8th, at their home on Depot St.

Just what you have been waiting for. The Mary Lynn Ladies' Shop will be opened to the public on Friday, November 7th.

Lincoln Loyalist Chapter, L. O. D. E., is holding a Rummage Sale in the Masonic Hall, Saturday, November 1st. Members are asked to bring articles for sale on Friday night or Saturday morning.

## BAPTIST Y.P.U.

On Thursday, October 23rd, at 7:30 p.m., the Cabinet of the Baptist Young People's Union met to discuss and formulate plans for the forthcoming year. During the meeting, the four commission leaders were allotted their commissions for the season. The results were as follows:

Marguerite Walters heads the Fellowship commission and the Stewardship is to be led by Murray Nelson, while Harold Rowenburgh is to command the Service Commission and Jim Smith presides over the Devotional Commission. A candlelight installation service will be held at the evening service on Sunday, November 2nd, in Baptist Church.

The regular weekly was marked last Monday evening when, Joyce by a talk from the pre-commission Hyford, explaining the story by plan to the group, and president narrator Jim Smith, Throp, Ted of the Young Adult G. B.Y.P.U. Hope, proposed that the study of join with his group in direction of dramatics under the

Mrs. L. J. Pettit, pated in a The group then parun-provoking good selection of funsmith and games directed by Jim seemed to Jack Morris. Everyone y tried to enjoy themselves, as rather with-out the orange to each the mad out dropping it, and in enused scramble for chairs which Mar-at the cry of "Blowout!"

At the close of the games, Fel-guerite Walters, leader of a com-munity Commission, anpla. mitted, served refreshment by the Word has been received program grapevine route, that th prepared, for next week, now being will be even better than

## Real Estate

Mr. and Mrs. Thom purchased a property of Bray of Toronto, least, and will the fine new home and i, Charles Boyd, Main east, get immediate possession.

## LEGION JOTTINGS

Food parcels to their comrades of the British Legion, war widows and orphans, will be part of the Canadian Legion's wedding present to Princess Elizabeth. It was announced today by Major General C. B. Price.

The President of the Legion stated that this would be a regular campaign to aid Great Britain. The parcels will be purchased through the non-profit Canadian CARE organization and delivered to the British Legion from CARE's warehouses in Great Britain.

All of the 2,400 branches and auxiliaries of the Legion are being canvassed to support this campaign which will go on for at least the winter months.

It is not intended that this campaign will interfere with the sending of individual food parcels by Legion members, but rather to give an opportunity for the branches and members to send parcels to the many who are in distress.

Each Canadian Legion parcel will carry a sticker with the name of the Legion on it conveying greetings and best wishes to British comrades, and stating that it is part of the Legion's wedding gift to Princess Elizabeth.

If this campaign turns out to be the success the Legion plans it should be, then many thousands of parcels will be sent to Great Britain this winter.

In addition, the Legion has arranged for Prime Minister Mackenzie King to present a gold maple leaf brooch set in diamonds with the Legion crest as a personal token gift.

When Prime Minister King makes the presentation he will be accompanied by the Legion's four representatives on the British Empire Service League Council, Lt. Col. Wm. Rae, Lt.-Col. Lord Tweed-smuir, Major J. S. P. Armstrong and Rupert Reece.

Some modern youths don't exercise care. They get exercise in other ways.

Welcome

# SPORTOLOGY

(By Bones Livingston, Sportologist)

**HOCKEYICALLY SPEAKING**—Ogeogoh, the nice weather of the past three weeks doesn't make a guy feel one bit like talking hockey, but we have to do it anyway. The latest dope from the limelight bottle says that the PEACH KINGS executive is all settled to wheel with Capt. DOWIE as president, FRANK McPHAIL as secretary, JOHN HOLDER as guardian of the money bags and LITTLE DYKE LAWSON as the fourth man on the board. At a meeting on Saturday the executive appointed THROCKMORTON FIEBER McGEAR JARVIS as manager of the team for the season and OLD POP McVICAR as coach and gave him power to pick and appoint his own assistant coach. MICHAEL RUBENDOWN SWEET and LITTLE JOE THE WRANGLER HANDS were again appointed trainers. GEORGE BABUUK will again be the official goal judge. An official timer is yet to be selected. Other than this there is no information running loose. OLD POP refuses to divulge who and what he has hid in the lockers in the way of players and one reason for this is the watchful waiting to see what HAMILTON PATS are going to decide in the way of taking KINGS players up to higher company. PATS last Friday night with REID and WARNER flying like scared crows trimmed up the much publicized TIGERS 4-4 and did not have any real difficulty in so doing. Whether PATS will keep REID and WARNER and also grab HANN and HUTCHISON is something that will not be known for a couple of days yet. GEORGE ZUKE is back from his sojourn with OTTAWA SENATORS but he is also a question mark so far as the KINGS are concerned. While the fans are doing a lot of dopping and worrying, OLD POP goes about his business in his usual sang froid manner and does not appear to have a hockey worry in the world, but just what has he got under that dome of his? Plenty, that is a good bet, but you and I are not going to find it out for a few days yet. All the long drink of water will say is "we will definitely have a hockey team and a good one, too."

**NOTES FROM LIMET'S NOTE BOOK**—PEACH QUEEN'S LEAGUE performed nothing of a sensational nature last week. MARY GORDON showed flashes of her old time form and won the money prize for having the high triple of the week. . . . Over in the MEN'S LEAGUE things have been somewhat different. Monday night PONT EXPRESS and the BOULEVARD pulled off a stunt that has never appeared on local records and I doubt if it has its duplication anywhere else in the province. The mail carriers took the first game by six points. The second game was a tie and the team captains bowled off one frame with the PONT boys getting the counter. The third game was a tie and the captains bowled off again with the BOULEVARD getting the point. On total points for the three games PONT EXPRESS only win out by four. There was no sensational bowling by any individual on either team. . . . Bowling for the IRON DUKES who took three points from the LUMBER KINGS, BOBBY ROBERTSON had 199-374-376 for a 849 triple. . . . UNCLE NISBY RIMS trundling for the ROCKETS had a 167-264-326 for a 759 triple. ROCKETS defeated PEACH KINGS 2-1. . . . The unbeaten FLYERS took it on the chin when ARMANDA COMMANDO HUMMELL, and his FIREMEN turned the water on them. Despite the fact that on total points, the FLYERS had 3062 to the FIREMEN'S 2976 they lost the round by 2-1. DYKE LAWSON rolling them down for the five laddies had 237-296-177 for a 710 triple. . . . The ZIMMERMAN family of PIN TWISTERS got a 3-0 shellacking at the hands of the MONARCHS and this in spite of the fact that KEITH had 204-240-351 for a triple 795. . . . LITTLE JOE THE WRANGLER led the PONT EXPRESS to a 3-0 victory over the LUMBER KINGS when he trundled 221-203-285 for a 709. . . . Can you imagine POP McARTNEY gathering himself a 231-277-165 for a 673 for his team, the UNDERWRITERS, to help them beat the EAST END 2-1 and that in face of the fact that ART ERHART rolled 205-236-278 for a triple 721. . . . CLATTENBURG'S CLIPPERS took the M BUNS 2-1. When is that latter outfit going to start bowling. . . . Some of those MEN'S LEAGUERS are bowling worse than the PEACH QUEEN'S. Just think, three men on one team with scores below 400.

## MEN'S BOWLING SCORES PEACH QUEEN'S SCORES

## OUTWITTING AVERAGES

The life span of a horse is anything from twelve to twenty years. But that doesn't disturb a real horse. If you can remember as far back as 1921 you will remember Man o' War as one of the miracle horses of the race track. Just a few weeks ago Man o' War celebrated his thirtieth birthday. He is still good enough to take his three or four hours exercise a day and to dispose of his daily quota of a bale of timothy and cover and 14 quarts of oats with relish.

But, according to Lee McCabe who writes of such things in the New York Times Magazine, he still doesn't set any record. The record is held by a New England minister's buggy horse named "Big Red" who reached the incredible equine age of 33 years. Perhaps the godly association accounts for his longevity.

The machine has made man's burdens lighter, says a writer. But not the political machine. Rip Van Winkle couldn't sleep for twenty years nowadays. A broadcast of some football game would wake up the old boy.

# ONTARIO IS ON PROSPERITY STREET

You can help Hydro keep her there—Save Electricity

Ontario has made giant strides since the war. Her output from factories, farms and other industries has expanded enormously. In fact, her progress has been phenomenal.

Here is the rub. Since industry in Ontario depends so heavily on Electricity, this wonderful expansion has resulted in insistent calls for more and more Hydro power.

What is the Answer? Just this: Hydro has many new power developments under way, but it takes several years to build new generating plants. In the meantime Hydro asks each of you good Ontario citizens...homemakers, workers, farmers, storekeepers, business men to do your part...to Save Electricity. It should be easy. All of us use it lavishly—more so than any other people on earth—because Hydro rates are so low.

Every saving, no matter how small, will be worth while. Don't burn lights needlessly, use your electric range with care. Turn off motors and appliances as soon as you are finished with them. Please do your part and save electricity, everywhere you can. It's needed during every daytime hour.

Every bit of Electric Power saved will be used to maintain employment, to make more jobs, to keep Ontario on Prosperity Street.

Save Electricity—Maintain Employment

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

(Cut this out and read it again tomorrow)

# CONTINUATIONS

## From Page One

**COST \$38 TO FALL**  
and was awakened by a passenger in his car, Will Farrell, who shouted at him when the car started to leave the road. Hand claimed that fumes from the engine might have caused him to go to sleep. Herman Rogers, attorney for Hand, supported this theory in his plea to Magistrate Hallett.

The case was investigated by Provincial Constables Ed. Hope and Gord Collins of the Grimsby detachment.

**POLICE ENCOUNTER**  
clamping his teeth down solidly on one of Chief Turner's little fingers which he proceeded to chew upon. After a couple of healthy clouts from the Chief's fist he relaxed his hold and came along quietly. He bit through the flesh in three places.

Upon investigation it was found that the man was a mental case of the harmless type from Hamilton to which place he was returned on Saturday morning.

**FRUIT GROWERS WILL**  
canning factories or to the wineries where they provide the containers does not pay a license or a fee at all.

This Bill which was given its first, second and third readings in the House on March 24th, April 1st and April 2nd, governs the purchases of containers of all kinds and descriptions as used by Bee Keepers, Fruit Growers and Vegetable Growers.

It may be that a fruit grower has no desire to be a member of the Ontario Fruit Growers' Association, but that will make no difference. If he purchases containers of any kind to handle his

product he will pay one per cent upon the price of those containers, said percentage to be turned over by the selling or collecting agency, or the manufacturers to the Association.

In an adjoining column the full text of the Act is printed.

**MAGISTRATE SKEPTICAL**  
by took the stand this morning and told of talking to Prevost at 1:10 a.m. on the morning of the assault. Previous witness had said that Prevost had been seen talking to Chief Turner at approximately 12:30, but the Chief said he had not even been informed of the assault until 12:45 a.m. on the morning of September 28th.

Magistrate Hallett told Prevost that in view of the possibility of mistaken identity he was dismissing the charge but said that in his own mind he was convinced that Prevost was guilty.

## Coffee Came To America Three Centuries Ago

Coffee, which came to North America three centuries ago and stayed to become the continent's favorite beverage, is undergoing evolution pains. Its 1,300-year-old trail beginning with nomadic Arabs has run smack up against modernization.

Through the centuries methods of making of brewing coffee have changed but little. Hulled beans, blended to produce distinct flavors, ground and placed in pots of varying shapes and sizes, have been infused with boiling water, then allowed to boil, drip or "perk."

Now the traditional coffee pot with its lengthy preparation ritual has a rival. Modern processing skill has perfected a method whereby the essence of pure coffee, already brewed, is reduced to a powder; all that required to make full-flavored coffee is a spoon of powder and boiling water.

Instant coffee, as the makers call it, is not a particularly new product. But coffee drinkers, offered powdered products made by imperfect processing methods, have been reluctant to abandon the idea that a good brew can only be made via the "perking" or drip methods.

When war came the Borden Company, Limited, already long experienced in the evaporating, dehydrating, and condensing of foods, threw its technical and research staffs into the job of producing an instantly soluble coffee for the armed forces.

Prime requisite was that it must be pure coffee, nothing added, nothing taken away—except the moisture.

To get their Instant Coffee they followed the exact technique used in making coffee for generations which coffee lovers have come to regard as part of the coffee-drinking rite. They built giant percolators, and in them brewed full-strength coffee from fresh, carefully selected blends. But they went one stage further—they then extracted all water from the brew.

Left behind was a brown powder, pure coffee essence, needing only replacement of the water to reconstitute a full-strength beverage.

To the housewife this is a major advance in modernization of foods and beverages. It does away with the assembly line method of coffee making. It removes one more item from her dishpan, leaves no grounds for ultimate disposal, eliminates waste since only the required amounts of coffee need be made, and also makes it possible to vary the strength of each cup of coffee according to individual taste. The work of brewing coffee is done in the factory before the powder is packaged for sale.

For iced coffee, rapidly increasing in popularity as a summer beverage, the saving in time and labor is even greater.

Most authorities credit Ethiopia as the coffee plant's original home. It now grows in a belt of equatorial countries encircling the globe, with Brazil the largest single producer. Early in North American history, famed William Penn paid as high as ninety cents per cup of coffee, a far cry from the cent-a-cup average of today's Instant Coffee.

Almost half Canada's population are coffee drinkers, consuming an average of five pounds each per year.

It has taken many years to evolve today's time, labor and money-saving method of making coffee, but just as modern Mrs. Canada reaches for a package of flakes or powder instead of going through her grandmother's routine of making soap from wood ashes and waste grease, she can now brew perfect coffee from a jar of powder and a kettle of boiling water.

### GUIDE TO GROWTH

Expressions of independence—of thought as well as of action—are perfectly normal and healthful manifestations in adolescents, say the experts. They are merely evidence that the growing youngster wants to impress upon those about him that he is no longer a mere child.

The authorities do suggest, however, that some understanding and careful sympathy and assistance should be extended by elders to help the developing youngster to

## MOULDERS OF "CANADA UNLIMITED"

LAST YEAR ONTARIO DAIRY FARMERS PRODUCED 6,874,000 LBS. OF KEY CREAM

ONTARIO'S FARM INCOME FROM MILK SALES IN 1946 WAS \$4,118,000, GREATER THAN ANY OTHER TWO PROVINCES COMBINED

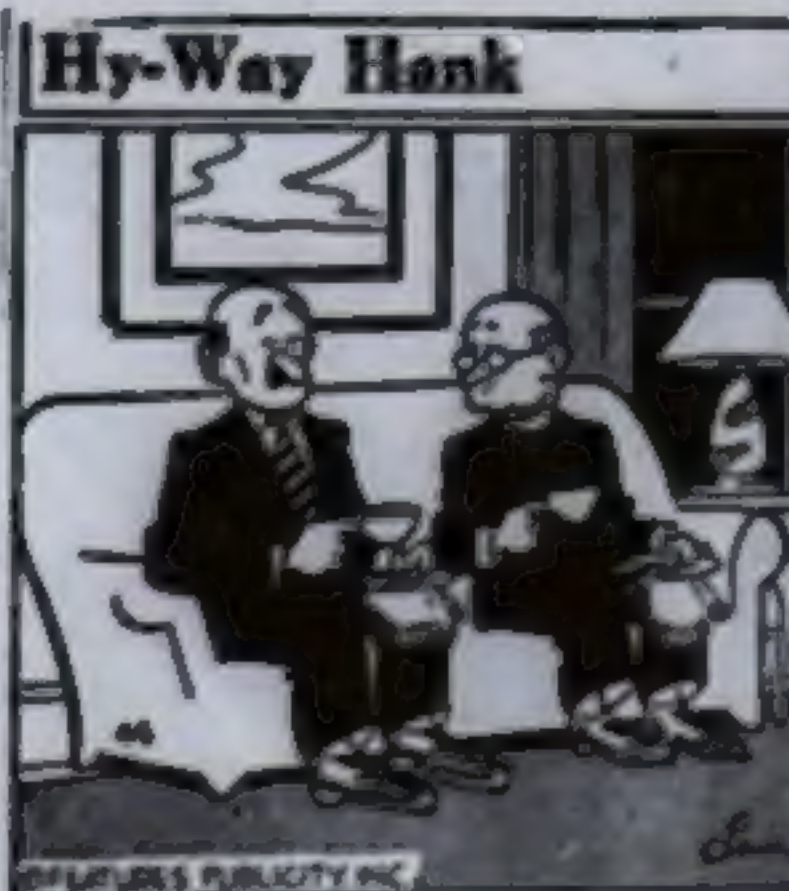

IN 1946, ONTARIO COVERED 2 1/2 BILLION POUNDS OF MILK INTO 162 MILLION POUNDS OF CREAMERY BUTTER AND FACTORY CHEESE

IN 1946,  
**ONTARIO DAIRY FARMERS**  
EARNED A TOTAL OF \$109,567,000—34% MORE THAN THE AVERAGE FOR ALL THE PROVINCES...

To keep you supplied with milk—nature's most nearly perfect food—is a down-to-dusk job for the dairy farmer. He takes no vacation. Your milk bottle has to reach your doorstep every day of the year. Sticking at the job the dairy farmer typifies the spirit of the Moulders of Canada Unlimited—the moulders of a great country.

## COUNTY HEALTH UNIT

Dr. Currey, during the course of his report to the County Council stated that many of the canneries in eight townships of the county were a nuisance to the district and he expressed the opinion that he could close them if necessary. He added that he thought it wiser to attempt to have the management of the various canneries sit down with a committee of the council and the health unit to discuss their problems. Dr. Currey also stated that the municipalities of Lincoln must co-operate with the Health Unit in an attempt to force the canneries to properly dispose of their waste.

Replying to questions hurled at him by rate reeves and deputy-reeves of Lincoln municipalities, Dr. Currey admitted quite frankly that at the present time there was nothing that he or the Health Unit could do regarding the odors emanating from the canneries in the district. Several of the reeves declared heatedly that something must be done to halt the ever-increasing number of complaints being received from residents of areas in which canneries are situated.

Dr. Currey presented an extensive report on the activities of the Health Unit with regard to T. B. control, disease prevention, child welfare, food handling, school services and water supply. Dr. Currey informed the council in speaking about the district's supply of milk that fifty per cent of the milk being supplied to dairies is not good. "If it was not pasteurized I would not touch it," he declared.

The council unanimously decided to request the Department of Health in Toronto to ask the provincial government for the necessary legislation so that sanitary laws in the province could be uniformly enforced by health units.

Stanley Young, ex-reeve of Calistot Township and warden of Lincoln County in 1935, headed a deputation of residents of the township to the sessions of council to request that Lincoln take over the Abingdon Road in Calistot instead of the Calistot Centre Road as had been planned for 1945. Mr. Young claimed that his proposed road would serve a more thickly populated area of the township.

Following some debate in committee it was decided to refer the question of the two roads to the

Calistot Township council with a request for a report as to which is approved by the majority of the residents of the township.

Due to the fact that the request of Louth Township for consideration regarding a proposed addition to the county road system has been held up and also because of the fact that the City of St. Catharines is going to take over the Boyle Road in Grantham, originally to have been taken over by the county from the Town of Merriton, council, acting upon the recommendation of the Road Committee under the chairmanship of Reeve William Headlip of Gainsboro Township, requested that Louth and Grantham ask the county to take over the town line between the two townships from the Pelham Road to the Martinville Road into the county road system.

Council also accepted the recommendation of the Road Committee and increased the salary of Road Foreman Irvin Mewhinney to \$3,000 per year, effective November 1.

Lincoln supported the action of the Town and Township of Niagara councils in protesting the application of the New York Central Railroad to abandon the Niagara Branch of the railway. The company proposes to abandon the line from a point 3.16 miles northwest of Stamford to and including Niagara-on-the-Lake and has applied to the Board of Transport Commissioners to this effect. Council felt that the action would result in the loss of all rail transportation facilities for the town and township of Niagara and would certainly result in a great loss to the citizens of the district.

Acting on the request of the Children's Aid Society and also upon the recommendation of Clerk W. H. Millward and the Finance Committee headed by Reeve Leslie Lymburner of Calistot council relieved the society of all responsibility of collecting money from parents of wards. In future such collections will be made by the office of the County Clerk and the new regulation will become effective on the first of next month.

Pheasant shooting in Lincoln County came in for some discussion and a motion of Reeve William Headlip of Gainsboro and Reeve H. H. Ecker of South Grimsby to have shooting restricted to two instead of three days passed unanimously. The council, in passing the motion, requested the Hon. Harold Scott, minister of lands and forests, to authorize hunting in the county on October 31 and November 1 only this year.

Prior to adjournment council approved reports presented on General Administration by Reeve Leonard Hoare of Merriton, on the Industrial Home by Deputy-Reeve Robert G. Dawson of Niagara Township and on Charity and Welfare by Reeve Frank Laundry of Beamsville. The November sessions of the council will open in St. Catharines on Tuesday, November 12th.

## RHYTHM BENEFICIAL

Medical authorities approve the training of children along musical lines. They admit that all children can't be truly musical, but point out that the little ones instinctively love harmonious pulsations and that this taste should be cultivated.

The health authorities believe that if children are taught to appreciate good music, rather than simple jazz, they will get much more out of life later on.

Every day... more people say -

Ford's for me!

There's a  in your futureIllustrated: the Super Deluxe Fordster.  
Wheel trim rings at extra cost.

Folks who buy cars with a sharp eye on value have elected Ford V-8 the standard in the low-priced field. They like the lively power and flashing acceleration of its V-8 engine. They value the safety of its "Life-guard" all-steel body and its King-size brakes. And actual on-the-road performance has proved the long-term, overall economy of this handsome Ford V-8. It's built to give you years of low-cost driving pleasure.

Your Ford and Monarch dealer will be glad to provide details. Then you'll surely agree Ford V-8 is the low-priced standout that's worth waiting for.

## BREVITIES

**EVENTS and TOPICS of the WEEK in TABLOID .....**

Legion Carnival Nov. 11th.  
Poppy Day Saturday, Nov. 9th.  
Hallowe'en Parade tomorrow night.

Next Wednesday, the 5th, is Guy Fawkes Day.

Township Council meets on Saturday afternoon.

There are 3,426 names on the Burlington Voters' List.

Burlington taxpayers will vote on a \$400,000 debenture issue at the January election for High School construction purposes.

Stanley Treggax and family, recent owners of the Fruit Belt Restaurant, have purchased a hotel in Selkirk and have taken possession.

Canning factories are closed down this week waiting for pears to ripen properly. It is expected that the plants will operate for at least a month yet.

District-Deputy Governor P. V. Smith of Grimsby Lions Club, paid a visit to Merrittion Lions Club on Wednesday night last, and made the introductory address to the club introducing the District-Governor.

## EMPLOYMENT MARKET IS GETTING EASIER

At the present time it seems as though industry can maintain production schedules with the complement of staff they now have, an officer of the Hamilton Office, National Employment Service, recently stated. "In view of this," the official said, "men already working should remain so, as jobs may be difficult to find later. There should not be changing of jobs at the present time."

The construction industry is short about 200 men for general labouring, also in some of the skilled trades, such as masonry, plastering, plumbing and heating. It was learned at the Employment Office.

While female workers are still required for hospitals, institutions, waitresses in restaurants, and household workers, the industrial demand has eased considerably with the exception of food processing and textile plants.

Unemployment Insurance claims show a slight increase during this month, a total of 992 males being listed for benefits on October 27th, as compared to 924 on September 22. In the same period, female claimants increased from 136 to 166. These figures take in Hamilton and district, including this area.

Eggs have reached a price where it's a compliment to throw one at a political orator nowadays.

## Obituary

**FRANK L. NEALIS**

The death occurred suddenly at his home in Stewart Manor, Long Island, N.Y., on Thursday, October 16th, of Frank L. Nealis, father of Mrs. H. Edward Marlowe, Robinson street south, Grimsby. Deceased was predeceased by his wife, the former Clara M. Decker. Surviving besides Mrs. Marlowe are two daughters, Laurette and Clara, and a son John D. Interment was in Cedar Grove cemetery, Long Island, N.Y.

**MRS. ERNEST BURGOYNE**

Mrs. Ernest Burgoyne, formerly Letty Woodcock, 32 Undermount Avenue, Hamilton, died at her residence last Tuesday evening, October 21st, at her 66th year.

A former resident of Grimsby, she had lived in Hamilton for the last ten years. She was a member of the Church of St. John the Evangelist, and of the W. A.

Surviving are three daughters, Mrs. Frank Locks (Frances), Hamilton; Mrs. Newton Williams (Lillian), Chicago, and Mrs. Wilson Sutherland (Hilda), Beamsville; four brothers, Arthur, St. Catharines, Frank, in England, Walter and Leonard in New Zealand; four sisters, Mrs. Angus Johnson, Grimsby, Mrs. Alice Skinner, Hamilton, Mrs. May Neilson and Nellie, in England.

Her husband predeceased her 18 years ago.

Following the funeral service at the Church of St. John the Evangelist at 3 p.m. on Thursday, interment was made in St. Andrew's churchyard, Grimsby.

**GEORGE E. WILEY**

George E. Wiley, ex-Rector of the Township of Louth and one of Lincoln County's most prominent figures in agricultural affairs, passed away suddenly Monday night at 9:30 from a heart attack. He was 45 years of age.

He took a prominent part in civic matters in Louth Township and served for five years as Deputy-Rector and for two years as Rector. He retired from municipal politics this year.

One of Louth's prominent farmers, he took a keen interest in agricultural matters and for two years was President of the Lincoln County Federation of Agriculture. He was President of the Lincoln County Ploughmen's Association for one term and at the time of his death was secretary of the St. Catharines District Milk Producers' Association. Mr. Wiley was also President of the Jordan Fruit and Supply Company.

The remains are resting at his residence until this morning, and will then be conveyed to Hulse and English Funeral Chapel, St. Catharines, for service at 3:15 o'clock. Interment will be in Victoria Lawn Cemetery, St. Catharines.

**MRS. A. W. MASON**

Mrs. Arthur W. Mason, of Grimsby, and formerly of Guelph, where she was active in I.O.G.E. and other women's organizations, died suddenly in St. Joseph's Hospital, Hamilton, Tuesday morning. She was a member of Lincoln Loyalist Chapter, I.O.G.E., and of St. Andrew's Anglican Church, Grimsby. An accomplished musician, she was also a member of St. Andrew's choir.

Before taking up residence at Grimsby, Mr. and Mrs. Mason had been summer residents at Grimsby Beach for many years.

Mrs. Mason was a daughter of the late E. Springer, a former burar and superintendent of the Ontario Agricultural College, Guelph. For 25 years she was soloist and choir director of the Norfolk St. United Church in that city. She was an active member of the Protestant Music Club and took a prominent part in the Guelph Little Theatre productions.

She was a charter member of the Guelph Music Teachers' Association, the College Women's Club and the Women's Canadian Club. She was soprano soloist in the Metropolitan United Church, Toronto, for a time, and was for several years a member of the Mendelssohn Choir, of Toronto. She studied singing in New York under direction of Oscar Sanger, Walter Goldie and Signor Moreano.

She was regent of Victoria Chapter, I.O.G.E., Guelph, from 1936 to 1945, and, on moving to Grimsby, was made a life member.

Her husband, Prof. A. W. Mason, who survives, retired a few years ago after 38 years' service on the O.A.C. staff.

Surviving besides her sorrowing husband are two sisters, Mrs. C. I. Arnold, Toronto, and Miss Iva Springer, Welland.

The remains are resting at the Stonehouse Funeral Home until this afternoon at 3 p.m. when services will be conducted in St. Andrew's church. Interment will be in the Mausoleum, Woodlawn Cemetery, Guelph.

## BAD BET

If you are thirty-five years old, you have, on the average, about seventeen million more minutes to live. When you take a chance just to save a minute, you are putting those millions of remaining minutes on the wager. It might seem that the odds are too high.

## CONTINUATIONS

From Page One

### HEAVY FINES IMPOSED

During the four-year period income tax payments in the amount of \$3,540.88 were made but income tax Department officials claimed further payments of \$2,835.09 were due. At the time the returns were made, these payments have since been made by the defendants.

The Crown was represented by attorney Ross Wilson as both Mr. and Mrs. Bohus were represented by G. M. Lampard. Mrs. Bohus, who is under the care of a doctor, did not appear.

### ARE YOU A RESIDENT

for non-residents: \$1 for all three days and for that matter for the whole hunting season to residents. Now here is where the catch comes in.

Several residents of Grimsby town have discussed this matter with The Independent. It appears that each license issued whether it be for non-resident or resident hunters is good for hunting anywhere in the County of Lincoln, yet a resident of Grimsby town or any other incorporated municipality is not a resident of Lincoln County, so to speak. A resident of Grimsby town under the hunting rules and regulations is a non-resident and if he wishes to hunt in the rural municipalities of the county he must purchase a non-resident license, just the same as if he came from Toronto, Montreal or Vancouver to do so.

It is a peculiar situation but apparently it is the regulations as laid down by either Lincoln County Council or by the Department of Game and Fisheries and there is nothing that The Independent can do about it.

A close friend is sometimes too close with his dough.

### GREAT FIRE FIGHTING

The flames, which broke out in the laundry, had gained considerable headway when discovered. Smoke seeping through to the main floor drove many diners from the dining room with their meals unfinished.

Flames ate through into the hotel kitchen before being brought under control. While the fire did not reach the dining room or bedrooms, smoke damage was heavy.

Firemen, who battled the flames for over two hours, were highly praised for saving the historic old inn, one of the best known hotels in the Niagara peninsula, from destruction.

Miss O'Neil reports that the hotel would be closed for at least two weeks or perhaps longer while the damage is repaired. Opening of the supper house season, scheduled for November 1, has also been postponed.

Owing to fire hose being laid across Main Street, highway traffic was detoured for two hours. Provincial constables E. G. Hope and Gordon Collins assisted Chief Constable W. W. Turner and Constable George Seymour, of the local police, in handling the traffic. Constable Hope also gave valuable first aid to overcome fumes.

### COMMON KNOWLEDGE

Everyone should be acquainted with the basic principles of health maintenance, authorities believe. They should know, for example, that any form of irritation or inflammation in any part of the body calls for rest and protection—and treatment. We are never too young to learn that the body must expel all irritative, toxic and infectious agents.

If the body is not functioning properly, even the least learned among us should understand that

## "SALADA" TEA

*Delicious Flavour*

advice and assistance should be obtained from the only person qualified to give such service—the physician. That's plain common-sense.

### PEP OR PLAY

Experts in healthful dietary claim that a child who is underweight may not be getting enough food for maintenance of those reserves of energy needed for rep at play. Reserve energy, too, must be accumulated to protect against possible disease or injury.

According to the authorities, a low energy supply means that a

child has to use up proteins which he or she needs for normal growth. This type of preventable malnutrition, they say, is far too common in Canada. They urge parents to give more thought and study to the dietary needs of the children.

### BIG DAYS

It is just as well that we are living today rather than 200,000,000 years ago. Soviet scientists on a search for oil discovered instead fossils of dragon flies with a wing span of more than three feet. And no screens, remember.
